

Caving

The Gold Coast Hinterland has some great spots to explore – none better than the caves that meander through Turtle Rock. Caving extends a student's identity while developing their sense of trust. Incorporating a high degree of perceived risk, while keeping actual risk very low, it's a great opportunity to teach students about assessing and managing risk.

 TIME FRAME	Generally conducted over a 3 hour period, however other time frames can be negotiated depending on your requirements.
 NUMBER OF PARTICIPANTS	20-25
 KEY OUTCOMES	Coping mechanisms, awareness of others, self confidence
